

Request for Clarifications

Query	KENET Response
1 We kindly request for a 3 weeks Bid extension due to the ongoing health issue and request to submit our offer on 20th April 2020	Bid submission deadline has been extended for all bidders to 30th April 2020 . Please see addendum on KENET website
2 In UON Chiromo At Kitchen K1, Kindly confirm cable entry point if on first floor or ground floor, if the entry is first floor, kindly clarify if need of UTP to link ground floor	1. Cable entry is on ground 2. Indoor Access Points at both floors shall be connected via UTP from the custodians office
3 Kindly clarify the ODF specification (either 19 inch or wall mounted)	ODF is 19-Inch
4 In KU campus - Kindly confirm if hostels Aberdare 1-4, Mfumbiro's and Ruwenzori 1-5, will have ODFs at each hostel or will the ODFs be on Custodian office only	Bidder to provide best location for termination of fiber as per the bidder's design. ODFs shall be installed at the fiber termination locations
5 Will the ODFs be 24 core in all the buildings? if not kindly give specifications also for 12 core ODFs	All ODFs shall be 24-Core
6 In UON Chiromo Campus -Kindly give specifications of termination switch at House number 3 and 6	KENET shall supply the termination switches
7 Can we use micro-tunnelling for road crossings	Micro-tunnelling is acceptable.
8 Shall a Bid Bond suffice in place of Performance Bond , since this is still a bid and no contract has been signed?	For the project KENET shall require a performance bond. The performance bond shall be provided after award to successful bidder.
9 Does the RFP require a bid security/Bid Bond? You have indicated on the Preliminary requirements a Performance Bond: 10% valid for 120 days; kindly clarify if this is to be given after letter of award to the contractor	For the project KENET shall require a performance bond. The performance bond shall be provided after award to successful bidder.
10 Under Table 3 (page 7), six access points (<i>4 APs for Graduation Square, *1 AP at the swimming Pool, *1 AP at the CCU</i>) have been included under Hall 1 and also under Graduation Square and Swimming Pool . Isn't this a repetition?	Yes this is a repetition. Please ignore the Aps indicated at Hall 1 for the graduation square and swimming pool
11 Under Table 7 (page 14), total number of access points is 67 while 73 are expected. Six (6) access points cannot be accounted for. Kindly clarify the mounting locations for these	The six(6) access points missing are all indoor to be included at INTROMID
12 We recommend Ruckus Wireless enterprise grade access points to exceed Ubiquiti in cost to performance ratio i.e. our design will result in fewer access points and overall less cost. Can we quote alternative solution?	KENET shall require Unifi Access points as specified in the tender document
13 To offer above design based on Ruckus solution, please advise on the design (coverage, concurrent users and floor plans). Alternatively, please advise if we can do a design survey based on proposed alternative solution for Lot 1 and 2.	KENET shall require Unifi Access points as specified in the tender document
14 Please confirm which SFP is required: There is a mixup in the document between part number and description.	The SFP modules to be supplied shall be:
15 UF-SM-10G-S: BiDi , 10 Gbps SFP+, 10Km, Red 1270 nm, Red 1330 nm, Blue 1330 nm, Blue 1270 nm	1. UF-SM-10G
16 UF-SM-10G: 1310 nm , 10 Gbps SFP, 10 km, NOT BiDi	2. UF-SM-1G
